

# ESD Safe Label Placards

If you're going to use a placard, make it ESD safe!

CCI's new label placards allow you to place removable labels on CFP, molded plastic or Corstat conductive corrugated without ruining the surface or generating

static charge. Labels can be added and removed in the same spot making the content's identity clear without a mess.

## CCI'S ESD SAFE PLACARD STOCK SIZES

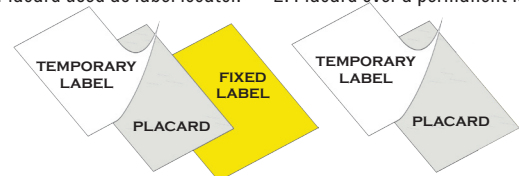

CCI Stock Part Number	Size (Usable Space)
P24	2" X 4"
P35	3" X 5"
P75	7" X 5"

- Stocked sizes sold in packages of 100
- Ask CCI about getting any custom size you need
- Use low-tack adhesive for removeable labels

- Static Dissipative Surface
- Non-Charge Generating
- PSA Backing
- Apply to any Tote or Bin

### CCI's Placards can be used multiple ways:

1. Placard used as label locator.
2. Placard over a permanent label.
