

# CCI Introduces Newly Designed Injection Molded Cases

## Vastly Improved Design with Dependable ESD Protection.

CCI continues to raise the bar in the ESD industry with creative new designs and innovations. We proudly announce the addition of new injection molding capabilities at CCI.

These new cases are now available for use as an empty case. Along with that, the new cases will be used for Tacki, Pedestal, Grid, and Pillow Pak products as inventory becomes available in the sizes listed below.

Stock Part Number (Case Only)	Dimensions	Case Quantity
2020	2.0 X 2.0 X .25"	200
2525	2.56 X 2.56 X .50"	150
2820	2.875 x 2.0 x .5"	100
2535	3.5 X 2.56 X .50"	100
2535-75	3.5 x 2.56 x .75"	50
2535-100	3.5 x 2.56 x 1"	50
3545	4.56 X 3.5 X .50"	50

### Improved Box Style

- Stronger hinges and latches.
- Tongue and groove closure.
- Thicker, stronger walls.

### Easy to Order - Ready to Use

- Available in small case lots.
- Arrive completely assembled.
- Custom inserts are available

Tacki, Pedestal, Grid, and Pillow Paks are all available in the new style box.

Custom inserts available upon request
